For any use over 200,000 gallons	\$4.51	\$1.58	\$2.93	0.21	\$1.79	\$2.93	\$4.72

The City of Maumee purchases their water from the City of Toledo. As of January 1 the City of Toledo will be increasing their bulk water base rate by 13.20%. The increase will help Toledo with repairs and upgrades to the city's aging water treatment facilities. Due to this increase the City of Maumee will need to increase the Toledo portion of the water bill. Please note the Maumee Portion of the bill will not change.

Shown above is the expected quarterly increase for the average resident as well as a 2015 Rate Table. The table illustrates how the increase was calculated based on the Declining Block Rate and Toledo Increase. If you have questions regarding your water bill please contact the Utility Department at (419) 897-7125.
